Fuji Hensokuki co.,ltd.

Aiming to Become an Environmentally Conscious Company

FUJI HENSOKUKI CO., LTD. considers customer satisfaction and their evaluation of the company as their most important missions. Backed by our technological and creative strengths, FUJI HENSOKUKI strives for technological development and added value with designs that shape ideal products for our customers. We also continue to strengthen quality control and enhance the services we provide to maintain high marks in the structuring of our businesses in cooperation with our customers. Today, more than 60 years after our establishment, we continue our efforts to improve machining process technology and increase the skills required to do so. We have also set up and vigorously follow a code of conduct that demands legal compliance and promotes strict adherence to our corporate philosophy. We endeavor to create products that meet environmental standards and establish production control in consideration of environmental preservation.

We aim to practice environment consideration and technological advancement in sincere pursuit of the goal of becoming an environmentally conscious company and working hard to win the trust of our customers, clients and shareholders.
